

Committee to Promote Research

Christine Brown

Committee Members: Christine Brown (co-chair), Beth Galbraith (co-chair), Leslie Taylor (on leave), Kim Clarke (Executive Liaison), Elizabeth Bruton, Kim Clarke, Helen Heerema, Michelle LaPorte, Vicky Jay Leung, Marianne Rogers

Activities since Conference:

The Committee has worked to update some of the content on the CALL website that is related to the research award.

We asked CALL to send out promotional tweets regarding the upcoming deadline for the research grant. Unfortunately, there were no applications in 2022.

We developed a proposal for a conference session that was not accepted for the conference.

We elected a new co-chair for whom we still need to get approval from the Board.

Ongoing activities/new special projects:

The Committee will be working to develop our conference proposal into a webinar that we hope to deliver in the fall. We hope that this webinar will lead to more applications for the research grant in 2023.

Any considerations/questions for the executive board:

Approval of new co-chair Beth Galbraith
