

[Knowledge Management]

[Michael McAlpine & Katie Thomas]

Committee Members: We don't know if we have a current list.

Activities since the Conference:

Nov 1 - Heather Smith, Manager, Information Governance at McMillan will be joining us to talk about IG practices and policies at a law firm.

Aug 30 - SIG Onboarding Meeting

Aug 22 - KM SIG check-in – Co Chair meeting

May 24 – KM SIG Business Meeting

Ongoing activities/new special projects:

We are planning on additional sessions in the winter and spring.

Some ideas we are working on include a session on metrics and one on search.

Any considerations/questions for the executive board:

- How can we get an updated list of members in our SIG?

Could we be provided with a list from Head Office of all the members in our SIG? It is a point of frustration for us that we are essentially just sending out invites based on a 'Reply all'. We'd like a definitive list that we can use. And, to capture any members that might join through the year.

- Would it be possible to have our own channel on the CALL Forum?
